

# Withdrawing From YSJ (Full Time Students)

STUDENT SERVICES FACTSHEET

If you are thinking about withdrawing from University, there are financial implications to be aware of. The actual costs will differ depending on your individual circumstances and at which point in the year you withdraw, please see below for more information.

## What happens to my accommodation?

If you are living in University managed accommodation, you will be charged 30 days rent from the date you hand in your key. You need also to be aware that if anything needs to be replaced or if cleaning needs to be carried out following your departure, then you will be invoiced for the costs. Further information can be found in your [Accommodation Agreement](#).

## Do I have to repay back my loans and grants?

If you have taken out a Tuition Fee Loan to cover your fees you shouldn't need to repay this until you are earning over £25,000, but this is at the discretion of your funding body. If you have taken out a loan for living costs, depending on when you have withdrawn from the University and if you have received a loan payment after this date, you may need to repay this immediately.

If you are in receipt of any grants, your funding body will pro-rata the amount you have received to the number of days you have been in attendance (this is the last day you attended lectures/seminars/tutorials), it is likely that you will have been overpaid. In regards to repaying any overpayments, please contact the Student Loans Company on 0300 100 06 11.

For more information on the implications on future funding, please contact your funding body.

## Do I have to repay back any bursaries I have received from YSJU?

If you are in receipt of any bursaries from YSJU, these will be pro-rated to your last date of attendance. For bursaries, the University will be in contact with you in regards to any under/overpayments. If you are receiving any other funding from the University or an external agency please contact them direct for advice.
