Hybrid
event

You are invited to an event hosted by members of York St John UCU branch open to anyone with a desire to oppose the siege and bombardment of the Gaza strip in Palestine that has resulted in tens of thousands of civilian casualties and threatens to permanently displace millions of Palestinians from their homes.

It will be a safe, supportive, and constructive environment where students and staff alike are encouraged to make sense of the situation, to speak out against the suffering, and to stand in solidarity with the dispossessed.
