

#StandWithGaza

WORKPLACE DAY OF ACTION

There are no more universities in Gaza. Every campus building has been damaged or destroyed, and nearly 100 Professors and 5,000 students have been killed in the bombing. We must defend higher education internationally. The national UCU is calling on all branches to join with workers across the country as part of a day of action to call for a ceasefire. YSJ **students and staff** are invited to join YSJUCU as we stand in solidarity with university colleagues and students in Gaza.
